

Brittania Industries 2009 Inc. is an Alberta based Natural Gas Compression Company that specializes in the fabrication of low to medium (HP) horsepower Natural Gas Compression Packages.

We offer a wide variety of compressor packages for sale, rental and lease. With our in house applications experts and 3D drafting capabilities, we can provide the end user a reliable, operator friendly, cost effective, low maintenance compressor package.

Brittania packages meet all required codes and regulations that are necessary by today's standards.

We are an ABSA B31.3 certified facility that has a thorough QC Program (AQP-2728) and are committed to safety through our COR program. Brittania is also registered with ISNetworld and Comply Works.
